

NOOR AHMED BISWAS

Software Project Lead | Technical Project Manager | Agile Delivery Lead | Product Owner (FinTech / SaaS)

| Cell: +8801722866941 | Email: biswas.noorahmed@gmail.com | LinkedIn: <https://www.linkedin.com/in/nahmed-bd/> |

PROFESSIONAL SUMMARY

Software Project Management Professional with **10+ years of experience** delivering **enterprise, FinTech, and SaaS software solutions** across web and mobile platforms. Expert in **Agile project management, SDLC, stakeholder management, risk management, and delivery governance**. Proven ability to lead cross-functional teams, manage distributed delivery, control scope, budget, and timelines, and drive predictable outcomes in high-growth environments. Strong technical background enabling effective collaboration with engineering, QA, DevOps, and product teams.

CORE SKILLS

Project Management, Requirement Analysis, Agile, Scrum, Kanban, SAFe, SDLC, Product Management, Delivery Management, RAID, STAR, WBS, CPM, Stakeholder Management, Client Management, Release Management, Risk Management, Dependency Management, Change Management, Scope Management, Resource Planning, Roadmapping, Backlog Grooming, User Stories Breakdown, Sprint Planning, Velocity Tracking, KPI Reporting, UAT Management, Go-Live Support, DevOps Collaboration, CI/CD, Web Applications, Mobile Applications, Cross-Functional Leadership, Microsoft Dynamics 365

PROFESSIONAL EXPERIENCE

SOFTWARE PROJECT LEAD

Enosis Solutions – Dhaka, Bangladesh | Aug 2022 – Present

1. Owned end-to-end delivery for **10+ SaaS, FinTech, logistics, and retail platforms**, managing **3– 5 concurrent projects** with delivery cycles ranging from **3–9 months**.
Notable Projects: (1) Develop a [research platform](#) to collect and manage structured and unstructured data, (2) [Software Development](#) for HR Consulting Firm, (3) [Housing Registration](#) Platform for Washington DC. (4) Lead the organization's product team from the concept to a production ready application - enosisoutsourcing.com
2. Lead **crossfunctional Agile teams of 18–30 engineers** (backend, frontend, mobile, QA, DevOps) across Scrum and Kanban frameworks.
3. Manage delivery roadmaps and execution for programs valued at **USD \$1.5M+ cumulative project budget**, consistently delivering within **±5% schedule variance**.
4. Improve **on-time release rate from ~75% to 95%** by introducing structured sprint planning, dependency tracking, and release governance.
5. Translate complex business requirements into **300+ user stories and epics**, maintaining a healthy backlog readiness rate above **90%**.

6. Act as primary stakeholder interface for **enterprise clients and senior leadership**, leading monthly steering meetings and executive status reviews.
7. Implement formal **risk and issue management**, identifying and mitigating **20+ high-impact risks**, preventing escalations and contractual delays.
8. Introduce delivery dashboards (velocity, burn-down, defect leakage), improving **forecast accuracy by ~30%**.
9. Led **UAT and production releases** for platforms serving **100K+ end users**, achieving **<2% post-release defect rate**.
10. Drove continuous improvement through retrospectives, reducing **cycle time by ~25%** and improving team predictability.

ANALYST PROGRAMMER / TECHNICAL PROJECT CONTRIBUTOR

Otto International – Dhaka, Bangladesh | Jul 2021 – Jan 2022

1. Contributed to delivery of a **microservices-based enterprise ecosystem** supporting operations across **21 countries** and **1,000+ internal users**.
2. Supported **technical project execution** across multiple services, coordinating integration, deployment, and SDLC governance.
3. Partnered with product managers and architects to improve system scalability, reducing **manual operational effort by ~20%**.
4. Assisted in **incident and problem management**, supporting SLA adherence above **99.5% platform availability**.

MID-SENIOR SOFTWARE ENGINEER (Ruby on Rails, React)

NimbleHQ – Thailand | Jul 2020 – Jun 2021

1. Worked as a **Mid-Senior Software Engineer** on **The1 Loyalty Platform**, supporting **millions of active users** across Thailand.
2. Designed, implemented, and maintained **scalable backend services and APIs** for high-traffic campaigns and peak transaction periods.
3. Collaborated closely with product managers, QA, and distributed engineering teams using **Agile (Scrum) practices**.
4. Contributed to sprint planning, backlog refinement, and on-time delivery of **95%+ sprint commitments**.
5. Improved code quality and platform reliability through reviews, testing, and refactoring, contributing to **reduced production incidents**.

SENIOR SOFTWARE ENGINEER (Ruby on Rails) & DEPUTY TEAM LEAD

Welldev – Dhaka, Bangladesh | Jul 2017 – Jul 2020

1. Led delivery for **6+ enterprise SaaS and B2B platforms** across ERP, CRM, eCommerce, and logistics domains.
2. Served as delivery point-person for teams of **6–10 engineers**, supporting sprint planning, estimations, and release commitments.
3. Collaborated with stakeholders to define **product roadmaps and quarterly release plans**, improving roadmap predictability by **~20%**.

4. Modernized legacy Ruby on Rails systems (Rails 3.x → 6.x), improving **application performance by ~30%** and increasing automated test coverage.
5. Mentored junior engineers and supported **team scaling and onboarding**, reducing ramp-up time by **~25%**.

System Development Engineer (Ruby on Rails)

Sun* / (Formally Framgia Japan) | Aug 2015 – Jun 2017

1. Delivered full-stack web applications following **strict enterprise quality standards**. • Participated in the end-to-end **SDLC**, from requirements to deployment.

EDUCATION

Bachelor of Science in Computer Science & Engineering, 2015 - CGPA 3.25/4.00

Ahsanullah University of Science & Technology, Dhaka

TOOLS & TECHNOLOGIES

Claude, Gemini, Jira, ClickUp, MS Teams, Confluence, Trello, Notion, Git, GitHub, GitLab, Docker, CI/CD Pipelines, Cloud Platforms (AWS / DigitalOcean), Ruby on Rails, JavaScript, React, Flutter, REST APIs, Microservices Architecture, React, Rspec, Capybara

LANGUAGES

1. English - Professional Proficiency (C2, IELTS - 7.0 (all band 7) - July, 2025
2. Bangla - Native

CERTIFICATIONS & METHODOLOGIES

1. Agile Project Management, Scrum Framework, Kanban, SDLC, CSM
2. Project Management Professional (PMP) 35 PDU Training - PMaspire Dhaka
